The flowchart illustrates the user flow for a mobile application designed for finding mechanics and renting items. The process begins with the 'MechWare Splash Screen', which leads to the 'Log in' and 'Sign Up' screens. Users can log in using Google, Email, or Password, or they can use 'Auto Log in' or 'Log in With Google'. The 'Home' screen is the central hub, providing options to 'Find Mechanic', 'Get Items on Rent', 'Register as mechanic or (If Already Registered) Add Items on Rent', 'Chats', and 'Favorites'. The 'Find Mechanic' screen leads to the 'Profile Mechanic X' screen, which then leads to the 'Mechanic's List' screen. The 'Mechanic's List' screen leads back to the 'Find Mechanic' screen. The 'Get Items on Rent' screen leads to the 'Home' screen. The 'Register as mechanic or (If Already Registered) Add Items on Rent' screen leads to the 'Home' screen and the 'Add Items on Rent' screen. The 'Add Items on Rent' screen leads to the 'Added Items' screen, which then leads to the 'Item X' screen. The 'Item X' screen leads back to the 'Add Items on Rent' screen. The 'Add Items on Rent' screen also leads to the 'Edit Profile' screen. The 'Edit Profile' screen leads to the 'Mechanic's Profile' screen, which then leads back to the 'Add Items on Rent' screen. The 'Mechanic's Profile' screen also leads to the 'Sort' screen. The 'Sort' screen leads to the 'Item's List' screen, which then leads to the 'Get Items on Rent' screen. The 'Get Items on Rent' screen leads to the 'Pay Refundable Deposite' screen, which then leads to the 'Item Y' screen. The 'Item Y' screen leads to the 'Item's List' screen. The 'Item's List' screen leads to the 'Profile Mechanic X' screen, which then leads to the 'Mechanic's List' screen. The 'Mechanic's List' screen leads to the 'Find Mechanic' screen, which then leads to the 'Home' screen. The 'Home' screen also leads to the 'Chats' screen, which leads back to the 'Home' screen. The 'Home' screen also leads to the 'Favorites' screen, which leads back to the 'Home' screen.
